
Couples Questionnaire

Hi guys, please take some time to fill out this questionnaire ***separately*** and return it ***without peeking*** at your partners. It is a little fun tool that I use in getting to know your individual personalities better. It will provide some wonderful insights that we can use to make your ceremony more personal and FUN! (so the more detail, the better). Please email it back to me once you have finished. Have fun with it and feel free to get a little cheeky with it too! 😊

2. What first attracted you to your partner?
